Calgary, AB
T2J 7E8

November 10, 2017

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to unforeseen merger activities. Agrium and Potash Corporation of Saskatchewan Inc. are in the process of combining in a *Merger of Equals* to create a world-class integrated global supplier of crop inputs. Upon closing the merger transaction, the new company will be named Nutrien.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by *February 1, 2018* at the latest.

Sincerely yours,

Rose Lecky
