The Egyptian Ethylene & Derivatives Company

January 30, 2018

To Our Stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to finalizing our first sustainability report which will be submitted as our COP.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the ten principles of the UNGC.

Our new COP report will be posted on the UNGC website by end of March 2018 at the latest.

Best Regards,
