United Nations Global Compact

8 April 2021

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to being at the early stages of implementing our own sustainability strategy and developing our very first sustainability report. The sustainability report will define the efforts and progress, including implementation of the principles of the UN Global Compact. Our aim is to finalize the report in June 2021.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 30. June 2021 at the latest.

Yours sincerely
for KPMG AS
