To our stakeholders

Request for the extension of our COP due date

Vienna, May 2nd, 2017

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are facing a delay in creating, sharing and posting our COP report due to the fact that crucial data from a study conducted by the Economica Institute of Economic Research will not be available before the end of June 2017. The compilation and translation of the COP report will consequently be realized after the completion of the study.

We kindly ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 15th October 2017 at the latest.

Sincerely yours,

Dr Robin Rumler
Country Lead Pfizer Austria
