USA

Dear Mr. Secretary-General:

I am pleased to confirm that the State University of New York College at Geneseo supports the ten principles of the Global Compact with respect to human rights, labor, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence and will make a clear statement of this commitment to our campus and community.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible. We look forward to participating in local networks, contributing to specialized initiatives and work streams, and engaging in available partnership projects. We support public accountability and will help to develop the Communication on Progress (COP) process of the UN Global Compact.

Sincerely,

Christopher C. Dahl
President
