Re: Commitment Letter for Non-Business Organizations - PIHRB

Dear Mr. Secretary-General,

I am pleased to confirm that Polski Instytut Praw Człowieka I Biznesu (Polish Institute for Human Rights and Business) supports the ten principles of the UN Global Compact with respect to human rights, labour, environment, and anti-corruption.

With this commitment, we express our intent to advance these principles within our sphere of influence, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to take part in the activities of the UN Global Compact where appropriate and feasible, through e.g. participation in UN Global Compact Local Network Poland; involvement in specialized initiatives and workstreams; awareness raising and capacity building efforts; sharing our of human rights and labour rights expertise in the area with other organizations; and engagement in partnership projects.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes PIHRB's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours

Beata Faracik
President of the Board
