Dear Secretary-General

I am pleased to confirm that, in keeping with our company purpose to enable every citizen to participate securely in the global economy, De La Rue supports the ten principles of the UN Global Compact with respect to human rights, labour, environment and anti-corruption.

With this letter we express our intent to advance those principles. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of De La Rue, and to engage in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

De La Rue will make a clear statement of this commitment to our stakeholders and the general public. We recognise that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency and, therefore, commit to report on progress within one year of joining the Global Compact and annually thereafter according to the Global Compact COP policy.

This includes - a statement signed by the chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles; a description of practical actions that De La Rue has taken (or plans to undertake) to implement the Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption), and a measurement of outcomes.

Yours sincerely

Martin Sutherland
Chief Executive Officer
