Move of UN Global Compact COP submission deadline

We hereby confirm that we wish to move our UN Global Compact COP deadline from February 25th to March 10th every year.

The reason for this change is that our Annual Sustainability Report, apart from being our COP, also serves as the A.P. Møller – Maersk Groups main reporting on Sustainability in compliance with the Danish Financial Statements Act on Corporate Social Responsibility, which requires us to report on our Sustainability efforts along with the Annual Report. The A.P. Møller – Maersk Groups Annual Sustainability Report must therefore be published along with the Annual Report.

Seeing that the Annual Report is published every year around the end of February but on varying dates according to the best suited weekday, we solicit this change in deadline to avoid changing the date for submission our COP every year. In this way, we will be able to submit our COP every year at the same date, hoping that this will bring greater transparency to the publication of our COP in the future.

Best Regards

Sebastian Naerbout
