**Request for a grace period in submission of Ness Technologies Ltd COP 2012**

We are aware that the deadline for submitting our company's third annual Communication on Progress (COP) to the Global Compact website is on 26<sup>th</sup> April 2012. We wish to request a Grace Period of 90 days to the date 26<sup>th</sup> July 2012.

The reason for our request is that, during the past year, Ness Technologies has undergone a change of ownership and business restructuring. This has caused some delay to some of our internal processes.

We remain committed to the UN Global Compact and to reporting on our progress.

We kindly request this Grace Period in order to prepare our Communication to our usual professional standards.

Many thanks

Yours sincerely,
