We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that comprises of a statement of continued support for the Global Compact, a description of practical actions that our company has taken since our last COP, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report. We are writing our sustainable development report 2011 and our ESG report, and we wish integrate COP into these reports.

So, we hereby ask for an extension period in order to be able to submit a COP that describes our company's efforts and progress to implement the ten principles of the Global Compact. Our new COP report will be posted on the Global Compact website by *July 31, 2012* at the latest.

Sincerely yours,

  
Mr Blaise Desbordes  
Head of Sustainable Development Department
