

28 March 2013

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Myself and my partner bought Sustainable Living Fabrics PTY LTD in February 2012. Since then we have had a very busy and active schedule redirecting and upgrading the company.

We have also moved premises in this time.

As a result of this, the previous owners COP in my opinion is invalid and needs updating as well as a new letter of commitment to the ten principles of the UN Global Compact.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 30th June 2013 at the latest.

I sincerely hope you are able to grant my request for extension.

Kindest Regards,

Mr Alistair Fulton
