Dear Mr. Secretary-General:

I am pleased to confirm that Cartus supports the 10 principles of the United Nations Global Compact with respect to human rights, labor, environment, and anti-corruption. With this letter, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture, and day-to-day operations of our company and to engaging in collaborative projects that advance the broader development goals of the United Nations. Cartus will also make a clear statement of this commitment to our stakeholders and the general public in the form of a new citizenship brochure and United Nations Global Compact website.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes Cartus' efforts to implement the 10 principles. We support public accountability and transparency and therefore commit to reporting on progress now (within one year of joining the Global Compact) and annually thereafter, according to the Global Compact COP policy.

Sincerely,

Kevin Kelleher
President and CEO
