Subject: Grace Letter request

To Whom It May Concern,

As a signatory to the UNGC since 22 October 2009, Coca-Cola İçecek has reported three communications on progress (CCI Corporate Social Responsibility Reports) between 2010 and 2012.

This year, we plan to issue an GRI-rated A+ report in line with guideline G3.1. We have extended the verification scope of our report to include four countries. The partial external assurance of our main environmental indicators report was recently completed, and our report is currently in the design phase. Therefore, we kindly request an extension period of 60 days from the COP due date of 23 October 2013 so that we may deliver a thoroughly comprehensive and accurate report.

Sincerely yours,

Atilla Yerlikaya
