Dear Sir

On behalf of the Barloworld group, I hereby wish to reiterate our support for the ten principles of the United Nations Global Compact (UNGC) which address human rights, labour rights, environmental stewardship and anti-corruption. With this communication, we express our support to the advancement of these principles within our sphere of influence. We remain committed to ensuring that the spirit and content of the principles are part of the group's values, strategy and day-to-day operations and continue to make clear statements in this regard to our stakeholders and the public.

We recognize that a key requirement for participation in the UNGC is the annual submission of a Communication on Progress (COP) which, as in previous years, will be uploaded to your website.

Additionally, we include the updated details of Barloworld's primary contact for the UN Global Compact below.

Yours truly
