H.E. António Guterres
Secretary-General
United Nations New York,

Dear **Mr. Secretary-General**,

We are pleased to re-confirm that Mabuhay Vinyl Corporation supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

Mabuhay Vinyl Corporation was a signatory to the UN Global Compact Initiative in May 2002 and has been making a clear statement of this commitment to its stakeholders and the general public since April 2004 through a Communication of Progress section that is part of the company's Annual Report that is distributed to shareholders and available to the general public.

We support public accountability and transparency, and therefore commit to continually report on progress every year according to the UN Global Compact COP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that the company has taken (or plans to undertake) to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption).
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurements of results).

Sincerely yours,

Takahiro Machiba
