

HE António Guterres
General secretary
United Nations
New York, NY 10017
USES

14th January 2022

Dear Mr. Secretary General,

I am pleased to inform you that Central Bourke Billing Limited t/a ASA Group, supports the ten principles of the Global Compact regarding Human Rights, Labor Rights, the Environment and the fight against corruption. Through this communication, we express our intention to support and develop those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day actions of our company, as well as to getting involved in cooperative projects that contribute to the broader Development objectives of the United Nations, in particular the Goals of Sustainable Development. ASA Group will clearly communicate this commitment to our interested parties and the general public.

We recognize that a key requirement to participate in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles and support any specialized Global Compact platform to which our company may join later. We support transparency and accountability, and therefore we are committed to reporting progress within one year of entering the Global Compact, and annually since that date, as indicated by the COP policy of the Global Compact. This includes:

- A statement signed by the CEO expressing his continued support for the Global Compact and the renewal of our continued commitment to the initiative and its principles. This is independent of our first letter of commitment to participate in the Global Compact.
- A description of the practical measures (for example, disclosure of policies, procedures, activities) that the company has taken (or plans to carry out) to implement the Global Compact principles in each of the four subject areas (human rights, standards, environment, fight against corruption).
- A measurement of the results (i.e. the degree to which the objectives / performance indicators were met, or other qualitative or quantitative measures of the results).

Sincerely,

A handwritten signature in blue ink that reads 'Michelle Johnson'.

Central Bourke Billing
Michelle Johnson
CEO
