Dear Secretary-General,

Agrisolve Ghana Limited officially writes to confirm its support to the Ten Principles of the United Nations Global Compact on human rights, labor, environment, and anti-corruption. Working within the UN Global Compact's principles, Agrisolve seeks to embolden its development drive through the formulation of meaningful partnerships with the United Nations and contribute to the attainment of the United Nations Sustainable Development Goals among other related goals. Communicating our commitment to this initiative to both our stakeholders and public will be our topmost priority.

As a prerequisite for participation in the United Nations Global Compact, Agrisolve Ghana Limited will endeavor to furnish your Outfit with its annual Communication on Progress reports – detailing our implementation strategy relative to the Ten Principles. As a promoter of public accountability and transparency, Agrisolve Ghana Limited will provide these progress reports to the UN Global Compact annually, starting from the year after joining the UN Global Compact.

Agrisolve Ghana Limited is fully aware of the Compact CoP policy, which includes:

- ✦ A statement signed by the Executive Director expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- ✦ The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture, and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

We hope our application will meet your kindest consideration and approval.

Thank you.

Yours Sincerely,
