Dear Secretary-General,

I am pleased to confirm that The Shell Company of Turkey supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment and anti-corruption. With this communication, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture, and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Shell Türkiye will make a clear statement of this commitment to our stakeholders and the general public.

Shell Türkiye was delisted in 2020, due to our consolidation under our parent company. With this commitment, we would like to increase our local engagement, and we are willing to be a part of the (new) Global Compact Türkiye as a subsidiary of Shell plc (previously, "Royal Dutch Shell plc").

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and Shell, as a Participant Member of UN Global Compact, has committed to report on progress annually according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,

Ahmet Erdem  
Country Chairperson, Shell Türkiye
