Dear Secretary-General,

I am pleased to confirm that *CEFILNI CONSULTING ICT* supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment, and anti-corruption. With this communication, we express our commitment to making the UN Global Compact and its principles part of our company's strategy, culture, and day-to-day operations and to engaging in collaborative projects that advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. *CEFILNI CONSULTING ICT* will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. In addition, we support public accountability and transparency. We, therefore, commit to reporting on progress starting the calendar year after joining the UN Global Compact and *annually* after that according to the UN Global Compact CoP policy. This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial commitment to join the UN Global Compact.
- The completion of the online questionnaire of the Communication on Progress through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture, and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,
