Dear Secretary-General,

I am pleased to confirm that DanGard supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment, and anti-corruption. With this communication, we express our commitment to making the UN Global Compact principles and the Sustainable Development Goals part of our company strategy, culture, and day-to-day operations of our company. DanGard will make a clear statement of this to our stakeholders, and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy.

This includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles.
- The completion of the online questionnaire of the CoP through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture, and daily operations, and contribute to UN Goals, especially the Sustainable Development Goals.

Sincerely yours,

Mr. Morten Lindholt
CEO
