Dear Mr. Secretary-General,

I am pleased to confirm that MK Consultus LLP confirms its support of the Ten Principles of the United Nations Global Compact in the areas of Human Rights, Labour, Environment, and Anti-Corruption.

With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. MK Consultus LLP will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for the participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining Global Compact, and annually thereafter according the Global Compact CP policy. This includes:

- A statement signed by the managing partner expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles.
- A description of practical actions (i.e., disclosure of any relevant policies, procedures, activities) that MK Consultus LLP has taken (or plans to undertake) to implement the Global Compact principles in each of the four issues areas (human rights, labour, environment and anti-corruption)
- A measurement of outcomes (i.e., the degree to which targets/performance indicators were met, or other qualitative or quantitative measurement of results).

Sincerely yours,

Mian Sheraz Javaid
