Dear Mr. Secretary-General

I am pleased to confirm that Informed 365 supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption.

With this communication, we confirm our alignment with these principles. We are committed to making the UN Global Compact and its principles part of our strategy, culture and day-to-day operations. In fact our entire company's sole purpose is to drive better social and environmental outcomes via our SaaS ESG applications. We will submit an annual Communication on Progress (COP) that describes our company's efforts to advocate for and support the Ten Principles. We support public accountability and transparency, and vehemently oppose and fight corruption, and any unethical business behaviour that impinges on sustainable environmental and social outcomes. We will provide:

- A statement signed by the CEO and CIO expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles.
- A description of our work
- Where possible measurement of outcomes

Many thanks,
