Dear Secretary-General,

RE: UN GLOBAL PACT ON HUMAN RIGHTS, LABOUR, ENVIRONMENT AND ANTI-CORRUPTION

I am pleased to confirm that Bond Advocates LLP supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment, and anti-corruption. With this communication, Bond Advocates LLP expresses its commitment to making the UN Global Compact and its principles part of the law firm's strategy, culture and day-to-day operations and to engaging in collaborative projects advancing the broader development goals of the United Nations, particularly the Sustainable Development Goals.

Bond Advocates LLP will communicate this commitment to our stakeholders and the public.

We recognize that a critical requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency and commit to reporting on progress starting the calendar year after joining the UN Global Compact and *annually* after that according to the UN Global Compact CoP policy:

- A statement signed by our Chief Executive expressing continued support for the UN Global Compact and renewing our commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global Compact.
- To complete the online questionnaire of the Communication on Progress disclosing Bond's efforts to integrate the Ten Principles into its business strategy, culture and daily operations, and contribute to United Nations goals, particularly the Sustainable Development Goals.

Sincerely yours,

Ondati Mogaka, Managing Partner
