Secretary-General

New York

Excellency,

I am pleased to confirm that Bank of Kigali Plc supports the Ten Principles of the United Nations Global Compact on human rights, labor, environment, and anti-corruption. With this communication, we express our commitment to incorporating the UN Global Compact and its principles into our company's strategy, culture, and day-to-day operations. We are also committed to engaging in collaborative projects that further the broader development goals of the United Nations, particularly the Sustainable Development Goals. Bank of Kigali Plc will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (CoP) that outlines our company's efforts to implement the Ten Principles. We endorse public accountability and transparency, and therefore commit to reporting on our progress starting in the calendar year after joining the UN Global Compact, and annually thereafter in accordance with the UN Global Compact CoP policy. This commitment includes:

- A statement signed by the Chief Executive expressing our continued support for the UN Global Compact and our ongoing dedication to the initiative and its principles. This statement is separate from our initial letter of commitment to join the UN Global Compact.
- The completion of the online questionnaire for the Communication on Progress, through which we will disclose our company's continuous efforts to integrate the Ten Principles into our business strategy, culture, and daily operations. Additionally, we will highlight our contributions to United Nations goals, particularly the Sustainable Development Goals.

Sincerely Yours,

**Dr. Diane Karusisi**  
Chief Executive Officer
