Dear Mr. Secretary-General,

The Boston Consulting Group, Inc. recognizes the scale of the global challenges facing society and is committed to harnessing the strengths of our business in pursuit of sustainable solutions and positive social impact.

I am pleased to confirm that The Boston Consulting Group, Inc. supports the ten principles of the United Nations Global Compact on human rights, labor, environment and anti-corruption.

With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. The Boston Consulting Group, Inc. will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the UN Global Compact COP policy. This includes: a statement signed by the chief executive expressing continued support for the UN Global Compact, a description of practical actions that The Boston Consulting Group, Inc. has taken to implement the UN Global Compact principles in each of the four issue areas, and a measurement of outcomes.

Sincerely,

Rich Lesser
President and Chief Executive Officer
