Dear Secretary General,

I am pleased to confirm that Plaza Premium Group supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this letter, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture and day to day operations of our company. We commit to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Plaza Premium Group will make both a clear internal and external statement of our commitment to the UN Global Compact initiative.

Plaza Premium Group understands the importance of actively participating in the UN Global Compact. As part of our commitment, we recognize the need to submit an annual Communication on Progress (CoP) that highlights our efforts in implementing the Ten Principles. We strongly believe in public accountability and transparency, which is why we are dedicated to reporting our progress starting from the calendar year after joining the UN Global Compact, and every year thereafter, in accordance with the UN Global Compact CoP policy. Our commitment to this policy includes:

- A signed statement from our Founder & CEO reaffirming our unwavering support for the UN Global Compact and committing to upholding its principles. This statement is distinct from our initial commitment letter when we join the UN Global Compact.
- Completing the online questionnaire for the Communication on Progress will allow us to showcase our company's ongoing commitment to incorporating the Ten Principles into our business strategy, culture, and daily operations. This effort contributes to the United Nations goals, with a specific focus on the Sustainable Development Goals (SDGs).

Sincerely yours,

Mr. Song Hoi See
