Dear Secretary General,

I am pleased to confirm that Johnny Tree Growers Company limited supports the ten principals of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our commitment to making the UN Global Compact and its principles part of the strategy, culture and day to day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the sustainable Development Goals. Johnny Tree Growers Company Limited will make a clear statement of this commitment and the general public.

We recognize that a key for participation in the UN Global Compact is the annual submission of a communication on progress (CoP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy. And this includes:

- A statement signed by the chief executive expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles. This is separate from our initial letter of commitment to join the UN Global compact.
- The completion of the online questionnaire of the communication on progress through which we will disclose our company's continuous efforts to integrate the ten principles into our business strategy, culture and daily operations and contribute to the UN goals, particularly the sustainable development goals.

Sincerely yours,

MR. OPIO JIMMY
CHIEF EXECUTIVE OFFICER
