Letter of Commitment to the United Nations Global Compact

Dear Mr. Secretary-General,

PLVision Sp. z o.o supports the Ten Principles of the United Nations Global Compact on human rights, labor, the environment, and anti-corruption.

With this communication, we express our intent to implement those principles. We are committed to making the UN Global Compact part of the company's strategy, culture, and day-to-day operations, to advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress starting the calendar year after joining the UN Global Compact, and annually thereafter according to the UN Global Compact CoP policy. This includes:

- Statement signed by the Chief Executive Officer expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles.
- The completion of the electronic COP Questionnaire online through which we will disclose a description of the practical actions that we have taken (or plan to undertake) to implement the UNGC principles in the company's strategy, culture, and day-to-day operations.

Sincerely,
Olena Kozlova
Chief Executive Officer
