Dear Secretary-General,

I am thrilled to confirm that Austrian Georgian Development LLC - Lakhami HPP wholeheartedly supports the Ten Principles of the United Nations Global Compact, which focuses on crucial issues like human rights, labour, environment, and anti-corruption. Our commitment to integrating these values into our organization is a source of great excitement for us.

At Austrian Georgian Development LLC - Lakhami HPP, we firmly believe that businesses have a pivotal role to play in advancing sustainable development and addressing global challenges. By joining the UN Global Compact, we aim to align our operations, strategies, and culture with the broader goals of the United Nations, especially the Sustainable Development Goals.

One of the key reasons why Austrian Georgian Development LLC - Lakhami HPP has chosen to join the UN Global Compact is our unwavering dedication to public accountability and transparency. We recognize that active participation requires us to submit an annual Communication on Progress (CoP), providing a comprehensive account of our efforts in implementing the Ten Principles. We gladly commit to fulfilling this requirement and reporting our progress, starting from the calendar year after we join, and annually thereafter, following the UN Global Compact CoP policy.

To solidify our commitment, we will undertake the following actions:

The General Director signs a statement reaffirming our continuous support for the UN Global Compact and emphasizing our ongoing commitment to its principles.

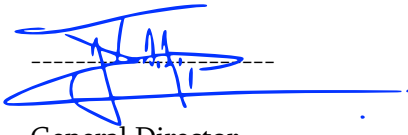

We will diligently complete the online questionnaire for the Communication on Progress, using this platform to share how we are integrating the Ten Principles into our business strategy, nurturing a culture of responsibility, and embedding these principles into our daily operations.

By joining the UN Global Compact, Austrian Georgian Development LLC - Lakhami HPP seeks to actively engage in collaborative initiatives that drive positive change and promote sustainable

development on a global scale. We look forward to being part of the UN Global Compact community and working alongside like-minded organizations in accomplishing a sustainable and inclusive future.

Yours sincerely,

Giorgi Abramishvili

General Director
