Dear Mr. Secretary General,

I am pleased to confirm that Lebanon Reforestation Initiative supports the ten principles of the UN Global Compact with respect to human rights, labor, environment, and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s): Propose and implement partnerships with stakeholders to enhance corporate sustainability, support UN Global Compact participants in implementing and reporting sustainability efforts, engage with Global Compact Local Networks, and contribute to issue platforms and workstreams.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within *two years* of joining the Global Compact and *every two years* thereafter according to the Global Compact COE policy.

Sincerely yours,

Maya Nehme
Executive Director
