October 24th, 2016

Dear Mr. Secretary-General,

I am pleased to reconfirm that Duro Felguera, S.A. (hereinafter, DF) supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. With this communication, we express our intent to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. DF will make a clear statement of this commitment to our stakeholders and the general public.

The reason why we did not submit a Communication on Progress in the last years is that we have been exceedingly busy with business reorganization in various different countries all over the world with the corresponding changes in executive personnel, and undertaking significant new projects in countries where we have never worked before with all the paperwork involved therein.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the Global Compact, and annually thereafter according to the Global Compact COP policy.

Sincerely yours,

Ángel A. Del Valle Suárez
Chairman & CEO
