To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) comprised of a Chief Executive Officer (CEO) statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We will be late in creating, sharing and posting our COP report due to the publication timing of the annual Ford Motor Company sustainability report. This report forms the basis for our COP submission.

We hereby request an extension in order to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website no later than 90 days from the original COP deadline of 19 June 2015.

Respectfully yours,
