

## UN Global Compact (UNGC)

SABMiller is committed to the ten principles of the UN Global Compact (UNGC).

A requirement of participation in the UNGC is that a company must publish an annual Communication on Progress (COP) to stakeholders, which sets out the progress made in implementing the ten principles in its business activities and, where appropriate, in supporting broader UN goals through partnerships. Our COP is made through our sustainability reporting – particularly of Sustainable Development Summary Report 2015 and the associated webpages ([www.sabmiller.com/prosper](http://www.sabmiller.com/prosper)). To facilitate our stakeholders finding relevant information, the table below directs readers to relevant sections of the report.
