Dear Secretary General Guterres,

CEO commitment to the UN Global Compact

BP delivers energy to the world. We find, develop and produce essential sources of energy. We turn these sources into products that people need everywhere. The world needs energy and this need is growing. This energy will be in many forms. It is, and will always be, vital for people and progress everywhere. We expect to be held to high standards in what we do. We strive to be a safety leader in our industry, a world-class operator, a good corporate citizen and a great employer.

We care about the impact of our decisions, large and small, on those around us. BP therefore strongly supports the United Nations Global Compact and its ten principles in the areas of human rights, labour, environment and anti-corruption.

In our annual Communication on Progress, which includes our Sustainability Report, we describe our actions to integrate the Global Compact and its principles into our business strategy, culture and daily operations.

Respectfully submitted,

Bob Dudley
