Dear Sir,

It is my pleasure to join the **UN Global Compact, the Largest Voluntary Citizenship Social Initiative** and fortunate enough to get the opportunity to work on the **Integral Part of Business Strategy**. Since inception, I have been working to promote the **Ten Universal Principles** to support the **UN Goals and Issues** including the Millennium Development Goals. I follow the good practice Management to take a Leadership Role on Critical Issues and to improve the Organizational Integration of Environment, Social and Governance Issues to embrace Corporate Sustainability and Management Experts in order to motivate Companies to define Sustainability Vision and Strategy.

At present, I am working on Human Rights, Protection of Environment, Green Economy, Labour and Women Trafficking etc.

In view of the above fact, I also promise to continue my Activities supportive and successful to fulfill the **Goals and Object** of **UN Global Compact** in future.
