Re: Grace Letter for COP NetEnt AB

Dear Thorin,

For the 2018 reporting period, NetEnt AB will be undertaking a GRI report in lieu of its regular Sustainability Report. Therefore we will not have a separate COP for the UNGC but will rather submit the GRI report and communicate in the GRI index, the requirements of the UNGC COP.

Due to this change, our report will not be ready in December when our scheduled UNGC COP is due but rather in Q1 2019. We estimate it will be ready in electronic format in late January and in paper copy by beginning of March 2019.

We would therefore like to request a grace period in order to submit our COP along with our GRI report in early 2019.

Best wishes from Sweden.

Jamie Elovsson
CSR Manager

NetEnt AB
