To Whom It May Concern:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) composed of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Since this is our first COP as a participant of GCP and because we wish to share a compelling report covering all our major outcomes in priority SDGs, it is taking more time to complete this report than we originally estimated.

We hereby ask for an extension, with the understanding that our COP report will be posted on the UN Global Compact website by February 2, 2019 at the latest.

Sincerely yours,
