

UN Global Compact

Geneva, 06/11/2018

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

In 2018 we were obliged to postpone the completion of the COP due to some other urgent priorities. However, recognising the value of completing the COP as a means to assess our internal policies and our business practices, we would like to fill the UN template provided to that effect.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by **15th December 2018**.

Sincerely yours,
