Request for extended deadline to post the Communication on Progress – alignment with publication of nonfinancial information

To our stakeholders:

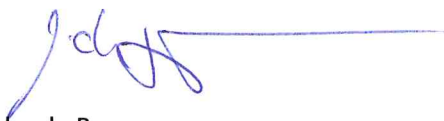

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the fact that our non-financial information, including all relevant key data for the COP report, will only be publically available on our website (www.raiffeisenholding.com) on April 30th.

We hereby ask for an alignment of the COP with our non-financial publication in order to be able to submit a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Our updated COP report will be posted on the UN Global Compact website by April 30th.

Sincerely yours,

Michaela Berger
