**Request for extended deadline to post the Communication on Progress – alignment with publication of nonfinancial information**

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

**We are late in creating, sharing and posting our COP report due to the fact that our non-financial information, including all relevant key data for the COP report, will only be publically available on our website ([www.raiffeisenholding.com](http://www.raiffeisenholding.com)) on April 30<sup>th</sup>.**

We hereby ask for an alignment of the COP with our non-financial publication in order to be able to submit a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Sincerely yours,

Michaela Haber
