Dear Sir(s),

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regards to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Our Integrated Annual Review 2020, which includes communication on the company's progress on the ten principles of the United Nations Global Compact, will be published in May 2021.

With this in mind, we would therefore like to ask for an extension period in order to be able to post the most accurate and up to date COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by June, max. 90 days from COP deadline at the latest.

Sincerely yours,
