

2020 PROGRESS OVERVIEW

We are taking action on sustainability by using our business and our brands to build a better shared future. For people. For the planet.

ACTION ON DRINKS

We'll be a total beverage company, offering consumers an even greater choice of drinks with reduced sugar.

15.3%

reduction in average sugar per litre in our soft drinks portfolio since 2015.¹

48%

of the products we sold in 2020 were low or no calorie.²

245k

tonnes of sugar removed from our drinks since 2010.

ACTION ON PACKAGING

We'll collect all of our packaging so that none of it ends up as litter or in the oceans.

41.3%

of the material we used in 2020 in our plastic bottles was from recycled plastic.

98%

of our primary packaging was recyclable in 2020.³

79%

of the total packaging we put onto the market was collected.⁴

ACTION ON SOCIETY

We'll be a force for good by championing inclusion and economic development in society — with our employees and our communities.

35.6%

of management positions at CCEP were held by women.

9,061

hours volunteered by our employees in 2020.

€9.1m

the total value of our community contribution in 2020.

ACTION ON WATER

We'll handle water with the care it deserves across our business and our value chain.

100%

of our production facilities have water management plans (WMPs) in place.

275%

of the water we used in our drinks, where it was sourced from areas of stress, was replenished.⁵

13.7%

reduction in the amount of water used to make one litre of product since 2010.

ACTION ON CLIMATE

We'll aim to reach Net Zero by 2040 and reduce our emissions by 30% by 2030.

37.7%

absolute reduction in our total value chain GHG emissions since 2010.

11.9%

absolute reduction in our total value chain GHG emissions since 2019.

100%

of the electricity we purchased was from renewable sources in 2020.

ACTION ON SUPPLY CHAIN

We'll source our main ingredients and raw materials sustainably and responsibly.

97%

of our spend was with suppliers which are covered by our Supplier Guiding Principles.

100%

of our sugar was sourced from suppliers in compliance with TCCC's Principles for Sustainable Agriculture.⁶

100%

of our pulp and paper was sourced from suppliers in compliance with TCCC's Principles for Sustainable Agriculture.⁶

1. Sparkling soft drink and non-carbonated soft drinks only. Does not include water or juice. This commitment is for CCEP and The Coca-Cola Company (TCCC) WEBU. Baseline is 2015 and this is in addition to the 5% reduction achieved in the previous five years. It includes historical, consolidated data for Coca-Cola Enterprises, Coca-Cola Iberian Partners, S.A. and Coca-Cola Erfrischungsgetränke AG that was recalculated after the Merger.
2. Total CCEP sales. Does not include coffee, alcohol, beer or freestyle. Low calorie beverages ≤ 20kcal/100ml. Zero calorie beverages <4kcal/100ml.
3. Packaging is the packaging in the hand of the consumer (Ready to Drink packaging). Recyclability criteria based upon market specific recyclability assessments.
4. Represents an aggregated number, based on packaging collection rates by material in each of our markets which is then applied to our own packaging volumes. The way that packaging rates are calculated may differ across our markets and therefore this aggregated number should be treated as an estimate.
5. Water replenishment calculated on production volume from 19 CCEP sites based in areas of water stress, as determined by WRI/Aqueduct analysis, and total water volumes replenished. May differ to TCCC calculations, which are based on total sales volumes.
6. The Principles for Sustainable Agriculture (PSA) replace the Sustainable Agriculture Guiding Principles (SAGPs).
