Dear Ms. Ojiambo,

I am pleased to once again reaffirm Mars Incorporated's strong support for the Ten Principles of the United Nations Global Compact (UNGC) in the areas of Human Rights, Labor, Environment and Anti-Corruption.

At Mars, we believe the world we want tomorrow, starts with how we do business today. The UNGC's Ten Principles serve as a roadmap for action as we work toward a more sustainable and equitable future.

Our [Mars.com](https://www.mars.com) website, [Sustainable in a Generation Plan Scorecard](#) and [Modern Slavery Statement](#) describe our actions to implement the Ten Principles and advance the Sustainable Development Goals through our business strategy, culture, and daily operations. We are committed to actively sharing this information with our Associates, as well as other internal and external stakeholders.

Yours sincerely,

Grant F. Reid
CEO and Office of the President
