Air New Zealand Limited's 2021 United Nations Global Compact Communication on Progress

We recognise that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in sharing and posting our COP report as we intend to refer to our 2021 Sustainability Report (which will be published no later than 10 December 2021) throughout the COP. Our 2021 Sustainability Report will detail some of the practical actions Air New Zealand has taken over the last year, and the related and expected outcomes of those actions, with regard to the principles of the UN Global Compact.

We hereby ask for an extension period in order to be able to post a COP that describes our company's most recent efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 10 December 2021 at the latest.

Sincerely yours,

Meagan Schloeffel
Head of Sustainability
