

7-Dec-2021

To our stakeholders:

**UNGC Grace Letter**

Please accept our request for an extension of the deadline to submit our COP as we are going through an additional review process to assess the content and scope of reporting in order to complete the external assurance process. Since this is the first time the report is undergoing external assurance, we would appreciate the additional time to complete the necessary reviews.

The COP will be submitted within 80 days.

Yours sincerely,

**Denver DeZylva**  
Senior Vice President – Facilities and Sustainability
