Dear Mr. Guterres,

Eurobank has been a signatory of the United Nations Global Compact since 2008 and I am pleased to confirm that the Bank continues to support the ten principles of the UNGC with respect to human rights, labor rights, the protection of the environment and anti-corruption. With this communication, we express our intent to support and advance these principles within our sphere of influence. We commit to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our organisation and undertake to make a clear statement of this commitment – to our employees, partners, clients and to the public. We support public accountability and transparency and will report on progress made publicly.

Please find below our Communication on Progress (CoP), where we highlight our contribution towards the ten principles of Global Compact. More information regarding our commitments and actions for sustainable development and value creation are available to all our stakeholders through our website and our Corporate Responsibility Report 2020.

Sincerely yours,

Fokion Karavias
