

13th June 2022

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We need some more time to finalize, share and post our COP report as we would like to synchronize it with our Eurotech Annual Report and have an integrated message representing the whole 2021 business year.

We hereby ask for an extended period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Sincerely yours,

Federica Maion

Corporate Communication Manager
