Subject: Letter of Commitment
Date: 18 May 2017

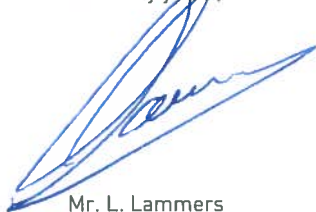

Dear Mr. Secretary-General,

I am pleased to confirm that LC Packaging International BV supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our commitment to implement those principles into our organization and to our ongoing sustainability agenda. We are committed to making the UN Global Compact and its principles part of our strategy, culture and the day-to-day operations of our company, and to engaging in collaborative projects which advance the Global Sustainable Development Goals of the United Nations. LC Packaging International BV will make a clear statement of this commitment to our stakeholders and the general public.

We recognize that the key requirement for participation in the UN Global Compact is the annual submission of a Communication in Progress (COP) that describes our company's efforts and implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter, according to the UN Global Compact COP policy. This includes:

- A statement signed by the CEO, expressing continued support for the UN Global Compact and renewing our ongoing commitment to the initiative and its principles.
- A description of practical actions that LC Packaging has taken (or plans to undertake) to implement the principles in each of the four issue areas.
- A measurement of outcomes.

Sincerely yours,

Mr. L. Lammers
CEO LC Packaging Group
