Letter of Commitment

Dear Mr Secretary-General,

Oy Halton Group Ltd is a family-owned Finnish company, which is the global technology leader in indoor air solutions for demanding spaces. We provide solutions for commercial and public premises, healthcare institutions and laboratories, professional kitchens and restaurants as well as energy production environments and marine vessels. We provide our end-users with safe, comfortable and productive indoor environments that are energy-efficient and comply with sustainable principles.

At the moment, we are introducing corporate responsibility as part of our management system complying with, Global Reporting Initiative (GRI) standards. Our Board of Directors and Senior Executive Team have approved the management principles guiding our corporate responsibility work and our action plan for the next three years.

As part of the international commitments included in our Code of Conduct, we hereby announce our commitment to Global Compact and its ten principles. We support all UN goals and take actions to accomplish them. We will also take into account UN's Sustainable Development Goals.

Next spring, we will publish our first Corporate Responsibility report, which will disclose the development of our non-financial performance and act as the Communication on Progress (COP), then sent to the UN Global Compact Headquarters. We will publish the Corporate Responsibility reports and thus the COPs annually.

With best regards,

Kai Konola
