Dear Sir,

RE: JOINING THE UNITED NATIONS (UN) GLOBAL COMPACT

Kenya Electricity Generating Company PLC (KenGen PLC) is the leading producer of electric energy in Kenya, producing about 80% of electricity consumed in the Country. The Company uses various generation mix ranging from hydro, geothermal, thermal and wind.

I am pleased to confirm that KenGen PLC supports the ten principles of the United Nations (UN) Global Compact on human rights, labour, environment and anti-corruption. We are committed to making the Global Compact and its principles part of the strategy, culture and routine operations of our Company, and to engaging in collaborative projects, which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals (SDGs).

We express our interest to join the UN Global Compact, which is an excellent platform to advance our corporate sustainability agenda. We recognize that participation in the UN Global Compact requires annual submission of Communication on Progress (COP) report. We support public accountability and transparency, and therefore commit to report on progress within one year of joining the UN Global Compact, and annually thereafter according to the Global Compact COP Policy.

Yours

Sincerely,

REBECCA MIANO (MRS), OGW
MANAGING DIRECTOR & CEO
